

Call for papers / call for participation

“Qualitative Analysis of Visual Data”

Workshop on Visual Methods

Berlin, September 17-20th, 2007

As part of the ESF programme “EUROQUAL” (Qualitative Research in Europe) the workshop on “Qualitative Analysis of Visual Data” is devoted to the Qualitative Methods of Visual Analysis on the Social Sciences. It aims particularly at developing and sustaining excellence of research in this field within Europe. The topics of the Workshop will encompass particularly

- Photo-Analysis
- Video-analysis
- General questions of visual analysis.

There will be a number of renowned scholars of visual studies present at the workshop, such as Marcus Banks, Ralf Bohnsack, Charles Goodwin, John Grady, Christian Heath, Doug Harper, Jerzy Kazmarek, Lorenza Mondada, Anssi Peräkylä, Sarah Pink, Gillian Rose, Hans-Georg Soeffner, Tanya Stivers. In addition, we invite speakers and participants:

The **call for paper** addresses

European scholars in the Social Sciences who work on qualitative visual data and who are interested in questions of method. Travel and accommodation will be covered by the organisers.

The **call for participation** addresses

students, particularly on the PhD/ Dr. level working with visual data and interested in participating at the Workshop and at a **one day training session** on September 20th in two fields of **video analysis** (by Ch. Goodwin and Ch. Heath) and **photo analysis** (D. Harper, H.-G. Soeffner). Travel and accommodation will be covered by the organisers.

Please send an **abstract** specifying your interest (paper/ training course) by **March 1st 2007** to Hubert.Knoblauch@tu-berlin.de

Please note that the number of participants in both categories is restricted; financial support only holds for researchers from countries participating in this ESF-program (Austria, Belgium, Cyprus, Denmark, Finland, Germany, Luxembourg, Netherlands, Norway, Poland, Spain, Sweden, Switzerland, UK)
